Now recharge your mobile / PDA / Tablet (Blackberry Haier HP Imate Jabra LG Logitech Motorola Nokia O2 PalmOne Qtek Samsung Sony Ericsson Other type of mobiles) any where under the sun. A revolutionary concept to keep your mobile charged any where you want. By changing the connector you can even charge some MP3, MP4, PDA, I-POD devices. Comes with a standard Nokia pin which is suitable to get any pin converter.

Kumar Solar mobile charger, that can charge a single mobile (previously we introduced - twin mobile charger) under sunny conditions. This is robust build and made with totally Indian components, ideally fit for Indian village conditions. MRP is rs.999/-. This would cost rs.899/- (for online marketing) and as an introductory offer we are now giving for rs.799/- Incl handling charges.

You can buy online too through www.srisms.com

Technical specifications:

Solar panel is a 12V 4000mW module. Rugged design. (general availability is only from 770mW to 1500mW) Ours is 4000mW

Input voltage for adaptor: DC 5V to 19V (typical)

Output voltage: DC 5.4V + / - 0.1V

Output current: Max 400mA

Standby current: <1mA

Conversion efficiency: >82%

Comes with a five pin connector

Panel cable is 3mtrs

Connector cable is 1mtr

Indicator shows the status of the output.

Instructions to use:

No separate manual is available. If you have any doubts pl mail @ srestimarketing@gmail.com or visit our site www.srisms.com or call us.

Install the solar panel where sunlight falls all the time during day time. It is to be installed about 20 to 25 degrees inclination and towards south facing direction. Run the wire of the adaptor to a place which is cool and comfortable.

Precautions:

1. Always ask or check up the power rating of the mobile before charging.
2. Do not connect more than two mobiles at a time as it might damage the devices and the adaptor will be damaged.
3. Don't expose the charger to high temperatures than room temperature
4. If the mobile is not charging or goes blank screen do not attempt to charge again.
5. If indicator lights up and still not charging the mobile means, one reason is the panel is not getting adequate sun light.

Charging time

20 minutes to 40 minutes depending upon conditions. Important: charging time can be different than above depending upon the product and charging battery conditions

This is an ideal gift item too to be sent to family and friends especially in villages. Andaman and Nicobar Islands
